TRANSACTION WIRE • THE POST-DRAFT FRENZY

The draft ended. The waiver wire opened. Chaos ensued.

WAIVER CLAIMS & FREE-AGENT ADDS

- **Darkspaces** — Claimed TE Terrance Ferguson (LAR) for **\$101**. "They call me the LA Rams because the cap doesn't exist." Also added Titans DEF, Cooper Kupp, and depth pieces.
- **Zygon** — Scooped Ollie Gordon (RB-MIA) for \$2 + J.J. McCarthy + Barion Brown. Stockpiling futures.
- **YesChef23** — Tyreek Hill, Darren Waller, Ollie Gordon, Garrett Nussmeier. The wire is his second home.
- **StealingGas** — George Holani, J'Mari Taylor, Devaughn Vele, Roschon Johnson, Braelon Allen, Bryce Lance. RB committee from spare parts.
- **fumbduckdumbfuck** — Nicholas Singleton, Aaron Rodgers, Troy Franklin, Chimere Dike. One of these is not like the others.
- **Painty69** — Late adds of Elijah Sarratt, Brandon Aiyuk, Cade Klubnik. Still positive. Still kind. Still dangerous.
- **Hades9mm** — Put George Kittle and Isiah Pacheco on the trade block. Market is open.

TRADE BLOCK

Darkspaces listed half his roster (Achane, Swift, Collins, Ferguson, Odunze, Parker Washington, Stafford). Hades has Kittle + Pacheco available. Quentin Johnston is on the block for StealingGas. No deals done yet — calm before the storm.

RECURRING FEATURE • DRAMA OF THE WEEK

This column will appear every issue. We track the rivalries, low-key shade, and full-blown group-chat chaos that make a 12-team dynasty league worth logging into. Drama finds a way.

This week's feature rivalry: YesChef23 vs Painty69 — The Restaurant Arc.

It started innocent enough. YesChef was juggling an Uber Eats disaster ("Fucking cocksucker Uber Eats driver stole a customers order") while also trying to talk shit to Painter. Painty fired back about baseball cards and worrying about the restaurant. YesChef: "The fuck are you talking about. I won't go there in this chat." Painty clarified it was good-fun shit-talking. StealingGas immediately declared himself offended too and offered to "fucking holler." Darkspaces responded by putting on a hat and... adjusting for confidence. Classic.

Status: Cold war with occasional verbal shots. Both men still claim they were just joking. The rest of the league is taking notes. If this turns into an actual trade blockade or Week 1 bulletin-board material, you heard it here first.

Next week: whatever new chaos the group chat cooks up. Nominations welcome. Anonymous tips encouraged.

THE BOTTOM LINE

The draft is over. The nicknames are set. The trade block is open. Week 1 projections are in, and somebody is about to start 0-1 with a very expensive tight end on the bench. This is dynasty football — the decisions you made three days ago will haunt (or bless) you for years.

Next week: Week 1 recap, updated power rankings, Bankroll Watch, and the next installment of Drama of the Week. Send your best (or worst) takes to the group chat. We'll print the good ones and mock the rest.

DYSNATREE CHRONICLES — Published whenever the Commissioner remembers.
Questions, corrections, or demands for a higher ranking: settle it on the field (or the trade screen).

Good luck this week. Unless you're playing the editor.
